

DUNDERROW NATIONAL SCHOOL APP

Connect. Inspire. Grow.

WELCOME TO THE Dunderrow National School APP

The App will be the school's main communications channel with parents going forward. It provides a single touch point for easy and instant access to all school communications, calendar and a range of functionality including Absentee Reporting, Permission Forms and direct links to other third party, school related, information. The school will be phasing out text messaging and reducing postal communications to a minimum. This will allow the school to both reduce costs and its environmental footprint. The App will continue to evolve and develop, enabling the school to move the majority of its administration with parents into the digital environment.

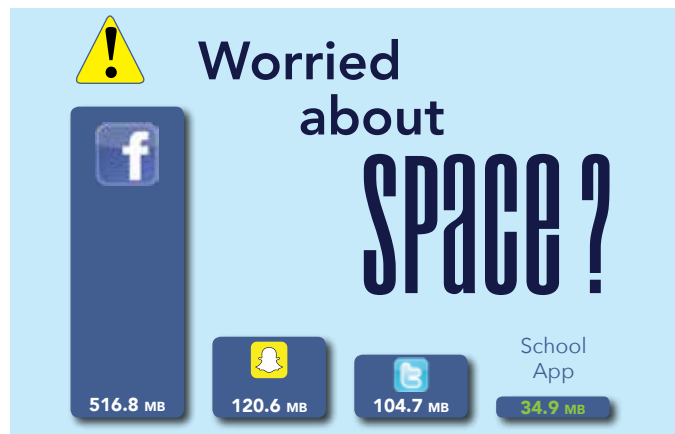

The school will then carry out a final verification process at the Administration Level to confirm your identity and details. Please note that some functions (including Absentee Reporting, Permission Slips, Access to Third Party information) will not be available to you until this verification has been completed. Please allow 7-10 working days from registration for the school to do this.

Please take a few minutes to read through this brochure, which outlines all of the functionality in our App and shows how to download and set your notifications.

The school requires all parents to download the App. It is important that you register in the App using the same contact details (first name, surname, mobile, email) that you have previously supplied to the school and which is held on our administration system as these details will be used in the verification process.

Verification Process – Parents

When you download and register in the App you will be brought through a verification process for your email address and mobile number. You will need to go to your email inbox to see the email sent from Unique Publishing (please check JUNK also) and VERIFY link. This will complete the email verification. You will then be sent a code via SMS to verify your mobile number. Please use this code to complete this stage of the verification process.

-  **ANTI-BULLYING** Helpful information and advice on cyber/social media/mobile phone safety.

OPTIONAL ADD-ONS *(as selected by school)*

-  **ABSENTEE** Parents are requested to use the Absentee Reporting function in the App to report all absentees. Please report your son's/daughter's absence as early as possible on their first day of absence. This streamlines the process and provides a digital record for parents and the school.
-  **PERMISSION TO LEAVE EARLY** Parents are requested to use the Permission To Leave Early function in the App when they intend to collect their son/daughter early from school. Please complete the form as soon as possible on the appointed day. This streamlines the process and provides a digital record for parents and the school. The normal sign out process is still in place.
-  **PERMISSION FORMS** Where parental permission is required in relation to a student the form will be available in the App at the appropriate time. Parents will receive a notification request to complete the form.
-  **SCHOOL SHOP** The in-app payments gateway allows parents to make payments seamlessly and easily.
-  **BOOKSTORE** All booklists are available in the App and can be easily printed as a PDF. Parents can also order books and school supplies through the App.
-  **UNIFORM** This module links to the school Uniform suppliers making in-App ordering quick and easy.
-  **PRIVATE GROUPS** Teachers can set up and communicate with teacher/parent groups in a safe and secure private messaging system.
-  **APP SUPPORT** If you are having any technical difficulties please contact Unique Publishing Customer Support with details of your problem at support@uniquepublishing.ie
